

KSA Lighting now represents

Made in USA

Perfect Power Emergency Lighting Inverters are not yesterday's UL924 Life and Safety Code systems. They are state-of-the-art and can keep a facility in code compliance while saving building owners thousands in operating and maintenance costs over alternative egress lighting methods. Ask us how!

Generator Compatible!

City of Chicago Approved!

HID, Fluorescent, HPS, LED,
Incandescent

Modular Designs, Front
Access, Small Footprint
